

WHAT IS CLAIMED IS:

1. A concealing fire extinguisher storage device, which comprises:
  - (a.) a base having a front and a back, and having a flat bottom,  
5 and having a top adapted to receive a cylindrical fire  
extinguisher, and having curtain attachment means for  
attaching a curtain thereto, the curtain attachment means  
being adjacent the top and the front;
  - (b.) a curtain attached to the curtain attachment means, the  
10 curtain being located at the front of the base and  
extending upwardly therefrom, the curtain being of  
sufficient height to conceal a cylindrical fire extinguisher,  
the curtain having a façade with a decorative theme  
thereon.
- 15 2. The concealing fire extinguisher storage device of claim 1 wherein  
the curtain is a solid planar member made of a material selected from  
the group consisting of metal, wood, plastic and combination thereof.
- 20 3. The concealing fire extinguisher storage device of claim 1 wherein  
the base has a substantially circular shape from a top view.

**BEST AVAILABLE COPY**

4. The concealing fire extinguisher storage device of claim 1 wherein the base has a substantially rectilinear shape from atop view.
5. The concealing fire extinguisher storage device of claim 1 wherein the curtain is a curvilinear member having an arcuate shape from a top view.
6. The concealing fire extinguisher storage device of claim 1 wherein the curtain has a front perimeter in the shape of a predetermined theme.
7. The concealing fire extinguisher storage device of claim 1 wherein the top of the base includes a circular shaped recess area adapted to receive a fire extinguisher.
8. The concealing fire extinguisher storage device of claim 1 wherein the curtain is permanently and fixedly attached to the base.
9. The concealing fire extinguisher storage device of claim 1 wherein the curtain is removably attached to the base.

10. The concealing fire extinguisher storage device of claim 9 wherein there are a plurality of interchangeable curtain that are removably attachable to the base.
- 5 11. The concealing fire extinguisher storage device of claim 1 wherein the curtain includes a rigid frame and a flexible facade member attached to the frame.
12. The concealing fire extinguisher storage device of claim 11 wherein the flexible facade member is a fabric.
- 10 13. The concealing fire extinguisher storage device of claim 1 wherein the curtain includes at least one recessed area for insertion of at least one theme item.
- 15 14. The concealing fire extinguisher storage device of claim 13 wherein the curtain includes at least one theme item inserted in the recessed area.
- 20 15. A concealing fire extinguisher storage device, which comprises:  
(a.) a base having a front and a back, and having a flat bottom, and having a top adapted to receive a cylindrical fire extinguisher, and having curtain attachment means for

attaching a curtain thereto, the curtain attachment means  
being adjacent the top and the front;

(b.) a curtain attached to the curtain attachment means, the  
curtain being located at the front of the base and  
5 extending upwardly therefrom, the curtain being of  
sufficient height to conceal a cylindrical fire extinguisher,  
the curtain having a façade with a decorative theme  
thereon;

(c.) wall attachment means connected to the back of the base.

10  
16. The concealing fire extinguisher storage device of claim 15 wherein  
the curtain is a solid planar member made of a material selected from  
the group consisting of metal, wood, plastic and combination thereof.

15  
17. The concealing fire extinguisher storage device of claim 15 wherein  
the base has a substantially rectilinear shape from a top view.

18. The concealing fire extinguisher storage device of claim 15 wherein  
the curtain has a front perimeter in the shape of a predetermined  
20 theme.

19. The concealing fire extinguisher storage device of claim 15 wherein  
the wall attachment means is a vertically extending member attached

to the base, and includes at least one of a wall attachment fastener  
and a wall attachment fastener orifice.

20. The concealing fire extinguisher storage device of claim 15 wherein  
the curtain is moveable to create frontal access to a fire extinguisher.
